LADIES AND CHILDREN who can not stand the shocking strain of laxative syrups and cathartic pills are especially fond of Little Early Risers. All persons who find it necessary to take a liver medicine should try these easy pills, and compare the agreeable pleasant and strengthening effect with the nauseating and weakening conditions following the use of other remedies. Little Early Risers cure biliousness, constipation, sick headache, jaundice, malaria and liver troubles. Sold by Chas. C. Davis, the druggist.

On The Installment Plan.

Joey's mother, who had been away for a fortnight, returned unexpectedly. After the first greetings were over, and she had straightened the sofa pillows and rearranged the books on the tables, she turned her attention to her son.

"Joey," she said sadly, after a brief examination, "I don't believe you have had a bath since I went away!"

"Yes, mother, I have. Honestly I have," protested Joey, "only you haven't looked in the right place!"

"Looked in the right place! What do you mean?"

"You looked at my neck. You ought to have looked at my arms. They were just as clean this morning! You see I've been bathing in chapters—a chapter a day. Legs are one chapter, arms are—"

"Oh, Joey!"

"Well, if you've got to wash your self, that's the only exciting way I know!" whimpered Joey.

BRODHEAD

Mrs. W. K. McPerson, who was Miss Ada Owens, of this county, died at her home in Lebanon Junction Thursday. She had been a patient sufferer of that dreadful disease, consumption, for over a year. She leaves a husband and two small children to mourn the loss of a kind and devoted wife and affectionate mother.

Misses Anna Outon and Mary O'Connell, of Louisville, are the guests of Mr. and Mrs. John Flynn.

Mrs. Lou Purcell has returned from Lebanon Junction where she has been at the bedside of her sister, Mrs. W. R. McPerson.

Mrs. Mattie Baughman, of Stanford, is the guest of the Dunn family.

Mrs. Moore and daughter are visiting Dr. Benton's family.

Miss Ella Dunn has returned from a several weeks visit to Danville and Lancaster.

Mrs. J. R. Cass spent Friday until Monday with Mr. Cass at Pittsburg.

Mr. and Mrs. Dunn, of Texas, are the guests of the former's parents at this place.

Hon. Harvey Helm, of Stanford, was shaking hands with old friends and making new ones in town Saturday.

John Newland came up from Livingston Saturday to attend the Masonic meeting at Preachersville.

On last Saturday night in response to an invitation given the Brodhead Masonic Lodge by the Preachersville Lodge, some 18 or 20 of the Brodhead Lodge met the Crab Orchard, Lancaster and Preachersville Lodges with many other brethren from other places.

Program—First, and probably the most, enjoyed part was the supper, prepared by Mrs. Cummins, a table laden down with every thing good, and the kindness shown us by the ladies made one think it was good to be a Mason. Something over one hundred partook of the hospitality, and if a supper was ever enjoyed, it was. Nothing making. Every thing of the best, and in abundance. Next, we assembled at the Hall, where the Master of Preachersville Lodge announced that Brodhead Lodge would confer the first 3rd degree, Crab Orchard 2nd, and Lancaster 3rd, all three degree work, all of which was done with credit to each lodge and the fraternity. The brethren mixed and mingled together and found many acquaintances, and enjoyed the occasion hugely, and all felt benefited by having gone.

MEMBER BRODHEAD LODGE.

The Ideal Entertainers will play for the benefit of the Brodhead Masonic Lodge, at Albright's Hall, Brodhead, May 17th. If you have to give up going to see the World's Fair, don't fail to see the Ideal Entertainers. Admission 25 and 15c. Reserved seats 35 cents.

A man too proud to beg, too honest to steal and too lazy to work is up against a hard, unfeeling condition of things.

COLLEGE NOTES

The Baccalaureate Sermon is to be delivered next Sunday, at 10:30 a. m., in the college chapel. The minister for the occasion is Rev. George A. Joplin, Mt. Sterling, Ky.

Mr. Joplin has several acquaintances in Mt. Vernon and no doubt all will be glad to hear him. There will be evening services also in the chapel.

On Monday evening at 7:30 the Primary department will give its entertainment, though it seems that several others besides the primaries will participate. There will be a juvenile play and a variety of exercises.

Tuesday evening at 7:30 the Junior exercises will take place and will consist chiefly of acclamations. There will be other exercises enough to give it variety.

Commencement proper will occur on Wednesday at 2:30 p. m. This hour is chosen to accommodate people coming on the trains.

It is much regretted that one member of the graduating class, Walter Mullins, will not be present.

Miss Fannie Sparks is Salutatorian and McKenzie Brown, Valerictorian. Judge R. G. Williams is to deliver the Class Address. The Ideal entertainment Company is to furnish music for the graduation exercises.

There is to be a fine concert in the evening by the Ideal Entertainers to be followed by a Class Reception.

It is to be hoped that this will be one of the finest commencement occasions Mt. Vernon has enjoyed. Come all.

Tickets for the entertainment given by the Ideal Entertainers can be had at Beck's Drugstore, and also at the Drugstore of Chas. C. Davis.

A CURE FOR PILES.

"I had a case of piles," says G. G. Carter, of Atlanta, Ga., "and consulted a physician who advised me to try a box of DeWitt's Witch Hazel Salve. I purchased a box and was entirely cured. It is splendid for piles, giving relief instantly, and I heartily recommend it to all sufferers." DeWitt's Witch Hazel Salve is unequalled for its healing qualities. Eczema and other skin diseases, also sores, cuts, burns and wounds of every kind are quickly cured by it. Sold by Chas. C. Davis, the druggist.

LEVEL GREEN

Well, well and Beckham county another offspring of our last Legislative Session has met an untimely death and placed on a bed of "thorns" by the court of high authority. Every well posted school boy of 15 knows the proceeding unconstitutional *ab initio*, and so did all those engaged in its origin and enactment. They wry waste time in such children's play? Enough time and "per diem per day" were utterly wasted to have enacted many valuable and much needed laws.

The Congressional race is warming up. Gilbert has many warm friends in Rockcastle. I don't believe in giving a "Free Simple" title to a seat in Congress to any individual, neither do I believe in turning a true and tried man out simply to make room for a new one, therefore I say hurrah for George Gilbert. As to the presidency, just give us a democrat, one in whom is no gile and we'll elect him in November, tho' some of our rural editors are trying to elect him now.—Jailer Hines of Somerset, went to Mt. Vernon a few nights since and got one Surber, a convict who had broke jail at Somerset and took him back and thence to the pen. They overturned their vehicle between here and Mt. Vernon, badly crippling a Mr. Farmer. They claim that their driver was intoxicated—drunk, the boys call it in Rockcastle. Now we never become intoxicated (i. e.) get drunk, unless we go to some other county to get the "Bug Juice" which proves that we are no worse than our neighbors.—Corn planting and sheep shearing is the order of farmers. A big crop is being put out. Lots of taters are planted and big gardens. Our people are becoming vegetarians. We should eat less hog and more garden truck. Try a ridge of parsnips with other things, they are healthful and easily raised. Most of our "little wool growers" will sell wool in the grease and burrs. Lambs and calves are in demand; so are eggs. Some of our merchants "got a little riled" and are paying 14c. for them.

The I. J. boasted of a Lincoln hucksters' buying 1,400 dozen in that county in a week. Whiv, sir, our Leel Green merchant sells to the Eubanks huckster 800 or 900 dozen per week. Our women have learned that feeding hens for eggs eat raising chicks for sale. Turkeys, goslings and ducklings are few and far between. The hen is the fowl that pays. Keep her well fed and she'll pay the better. Some of our women get 12 doz. eggs per week from small flocks, others in proportion. Some fine mule colts and pretty calves; and sows and pigs are seen spontaneously, but they are worth but little, and sheep, why they are higher than a mad cat's back. We have 2 good young mooley cows and calves for sale.

Betsy has a lot of geese, and both old and young Pekins for sale cheap, also a good sow and 7 pigs.—We see a resurrection has begun in the vegetable kingdom and many little plants have come forth dressed in suits of "living green."

Say, Ed. can you hold up to Walton and Hearst long enough to tell us why the pubs of the 11th turn down so many good men, native born, in order to honor that non-resident Hunter, and why give good white men back seats and bring blackmen to the front? Are they afraid the brother of color "mount exert them?"

Is a black colored man, or a man of color, eh?

We see the Japs are amusing themselves on the Czar's troops. If nothing but fight will do I hope the Russia will get so badly whipped that his pap (Alex) wont know him when he goes home. He's too big for his trousers, any way, and a good sound thrashing would help the boy; so pour it on until he bawls like a calf.

Thom Brown is convalescent, and our old friend and nabor, J. M. Hurst, after a siege of over three years with a complication of ailments which baffled the skill of the M. D.'s, is on deck again and now bids fair to live a long time.—The stave men are busy.—W. F.

RELIGIOUS

Rev. O. M. Huey contributes the following: I closed a delightful meeting at Hazard (county seat of Perry county and 40 miles from Jackson, from which place I had to ride horseback) with 25 additions. The meeting only continued seven days. This is the greatest mission field I was ever in. It is the seat of the French-Eversole feud of several years. While there they had one examining trial for murder, and now have a comparatively quiet county. No whisky is legally sold and the "moonshine" business is about broken up. We have a new Baptist school building just about finished, costing about \$5,000. School is conducted by Rev. A. S. Petry, who heretofore used such buildings as he could secure and had 200 in attendance during last term. He hopes to open in the fall under more favorable conditions and with about 300 students. The young men and ladies are a fine class of students. They sacrifice and study and are determined to make something of themselves. Hazard is in the midst of a population of 70,000 that is almost without religious privileges. It was a pleasure to labor among them and I give God the praise for the wonderful blessings we enjoyed. Hazard is on a boom. All mineral lands are being bought and they are looking for a railroad and then Jackson had better look out.—Interior Journal.

Kodol Dyspepsia Cure

Chas. C. Davis, our local druggist, does not hesitate to recommend Kodol Dyspepsia Cure to his friends and customers. Indigestion causes more ill health than anything else. Kodol is not only a perfect digestant but a tissue building tonic as well. Renewed health, perfect strength and increased vitality follow its use.

"The more you envious after happiness," says the captain of the Colonel's launch, "the more it will slip away. When you try to catch it, it will fool you like a bubble, and then burst the minute you get your hands on it."

Wise Papa—So you are in love with that penniless youngster, eh? Now I propose to cure you of that. She (wiffully)—But you can't. I'm determined to marry him.

Wise Papa—Exactly, and that's what I propose to let you do.

J. J. Wood & Haynes are treating their store house to a new coat of paint. Now if the R. R. Co. will paint the new depot and whitewash the stock pens our little village will begin to look like its coming to the front.

A STARTLING TEST.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes: "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles and I prescribed them. The patient gained from the first and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c at all druggists.

Pat—That's right, me (derlin); take plithy av' toime to think it over. But tell me wan thing now—will it be yes or no?

The Colonel (banteringly)—Pat, you're the most artistic drinker I ever saw. It must have taken lots of practice to get that right elbow of yours working so artistically.
